

Joint UNC-Duke CFAR PrEP Application Coversheet

Duke University co-Principal Investigator:

UNC CFAR co-Principal Investigator (including middle initial):

Title of Project:

Funded Period: 3/15/2017-3/14/2018

Budget: (total Direct Costs) \$100,000

Proposal Contains:	YES	NO
Human Subjects research	<input type="checkbox"/>	<input type="checkbox"/>
Research exempt	<input type="checkbox"/>	<input type="checkbox"/>
Vertebrate animals research	<input type="checkbox"/>	<input type="checkbox"/>

Date Submitted (due date: February 1, 2018):

Email:

Please indicate your faculty rank below

Duke University co-PI

- Post-doc or Fellow with Faculty offer (if funded, requires a CFAR Mentoring Plan)
- Assistant Professor (if funded, requires a CFAR Mentoring Plan)
- Associate or Full Professor

Previous CFAR Funding?

- Yes** **No**

If yes, please answer the following questions about the previous Award:

Title:

Date of Award:

Publications resulting from Award:

Funding resulting from Award:

How is this proposed research different from the previous Award?

UNC CFAR co-PI

- Post-doc or Fellow with Faculty offer (if funded, requires a CFAR Mentoring Plan)
- Assistant Professor (if funded, requires a CFAR Mentoring Plan)
- Associate or Full Professor
- FHI 360 or RTI PI (not UNC-based, if funded, requires a CFAR Mentoring Plan)

Please specify: _____

Previous CFAR Funding?

- Yes** **No**

Self-reporting of CFAR user Category for the NIH

Required by the NIH

Duke University co-PI

Indicate the user category that applies, below.

**All CFAR users will fall into one of these four categories.*

- 1-NIH AIDS PI** Individuals who have ever been the PI on an R01 equivalent grant in HIV/AIDS (R01 equivalents include R01, R23, R29, R37 and, after 2008, DP2)
- 2-NIH PIs being brought into AIDS research:** Individuals who are or have ever been the PI on an R01 equivalent grant, *but never in HIV/AIDS*
- 3-AIDS-research Pipeline:** NIH “New Investigators,” An NIH definition that encompasses individuals who have received funding as a PI directly from NIH*, but not yet at the R01 equivalent level.
- 4-AIDS-research Pipeline:** CFAR Users who have not yet received direct funding from NIH** as PI or Co-PI funding on any NIH grant mechanism.

**Individuals whose only NIH funding at the PI or PD level has come *indirectly* from NIH, for example via an NIH CFAR Administrative Supplement, fall into Category 4.

**Some CFAR users will also fall into one of these categories. Please check all that apply.*

- Developmental Core Special Emphasis.** Recipients of Developmental Core research funding, mentoring, and/or other services
- Developmental Core Special Emphasis.** Recipients of NIH CFAR administrative supplements
- NIH Special Emphasis:** Members of underrepresented groups in AIDS research. These include African-Americans, Hispanics, American Indians, Alaska natives, native Hawaiians, and Pacific Islanders
- NIH Special Emphasis.** Women

UNC CFAR co-PI

Indicate the user category that applies, below.

**All CFAR users will fall into one of these four categories.*

- 1-NIH AIDS PI** Individuals who have ever been the PI on an R01 equivalent grant in HIV/AIDS (R01 equivalents include R01, R23, R29, R37 and, after 2008, DP2)
- 2-NIH PIs being brought into AIDS research:** Individuals who are or have ever been the PI on an R01 equivalent grant, *but never in HIV/AIDS*
- 3-AIDS-research Pipeline:** NIH “New Investigators,” An NIH definition that encompasses individuals who have received funding as a PI directly from NIH*, but not yet at the R01 equivalent level.
- 4-AIDS-research Pipeline:** CFAR Users who have not yet received direct funding from NIH** as PI or Co-PI funding on any NIH grant mechanism.

**Individuals whose only NIH funding at the PI or PD level has come *indirectly* from NIH, for example via an NIH CFAR Administrative Supplement, fall into Category 4.

**Some CFAR users will also fall into one of these categories. Please check all that apply.*

Developmental Core Special Emphasis. Recipients of Developmental Core research funding, mentoring, and/or other services

Developmental Core Special Emphasis. Recipients of NIH CFAR administrative supplements

NIH Special Emphasis: Members of underrepresented groups in AIDS research. These include African-Americans, Hispanics, American Indians, Alaska natives, native Hawaiians, and Pacific Islanders

NIH Special Emphasis. Women

Project Summary

type here

Plan for future funding

type here

Duplication of Funding

If the Duke and/or UNC CFAR PI is awarded funding under this opportunity and a similar proposal is funded by NIH during the same funding year, the PI receiving the NIH funding must meet with their institutional CFAR leadership to either 1- make sure the research proposal from the CFAR does not overlap with the NIH proposal or 2- return funds to the CFAR or refuse funds from NIH

CFAR Mentoring Plan

As a condition of award, *new and early stage investigators* and *established researchers new to HIV/AIDS* are required to have a mentoring agreement and plan that includes a CFAR member as a constituent. The CFAR member must be a Core Leader/Director or an experienced researcher with a faculty rank of at least Associate Professor.

Career development resources available

Grant writing at Duke: [Gopen Writing Seminars](#)

Registration is on a first-come, first-served basis. Faculty are given priority. There are limited seats available for fellows, postdocs, students, and staff.

[Duke Path to Independence Program/K Club](#)

- The Path to Independence is designed to help Assistant Professors secure NIH R01 or DOD funding.
- The K Club is a program designed to help junior faculty prepare career development (K) grant applications

On-line grant writing resources can be found at <https://ors.duke.edu/orsmanual/proposal-writing-guides> and <http://deainfo.nci.nih.gov/extra/extdocs/gntapp.pdf>.

UNC Awardees are members of the annual UNC CFAR Developmental Cohort, which provides resources and support in monthly meetings, special events and opportunities, and email communications.
